

NSU Dual Credit Registration Steps

Summer/Fall 2026 (Registration Opens Nov. 1st)

A few updates have been made to improve the application process:

- The first page a student sees on the application will now be the access code. The instructions will now follow after the code is submitted.

Code is: **2027spring**

- Both the parent/legal guardian AND school official signer information will be collected at the start of the application on the instruction page.
- Students will need to select the type of dual enrollment they are taking right before selecting their courses. The three types (High School Dual Enrollment, Concurrent Credit, and full tuition rate courses) are all explained where the selections are required, and the vast majority of students will just need to select High School Dual Credit.

South Dakota Board of Regents Steps and Process Guide for Registration

Below is a screenshot showing where students can access the Application, Enrollment Change form, and other application resources. Go to <https://ourdakotadreams.com/k12-students/public-university-hsde-application-hub/>

- 1) Application: Links for First-Time and Returning students are highlighted in **red**.
- 2) Registration Change Form (Add/Drop/Withdraw): Links for First-Time and Returning students are highlighted in **blue**.
- 3) Application Help Resources: Application resources are highlighted in **green**, including:
 - a. The application walk-through video
 - b. Articles on how to:
 - i. Update your Dynamic Forms Account (usually updating names or email addresses)
 - ii. How to update form Co-Signers (if a student types in the wrong email for the parent or school official). These are two of the most common errors made on forms.
 - c. Application Support Ticket

APPLY FOR DUAL ENROLLMENT

Already enrolled? Visit the HSDE Student Portal for your courses, semester information, billing, resources and support.
